### 1. PRODUCT AND COMPANY IDENTIFICATION

Product name : CELCON® TE-23 LOF NAT (K)  
Product code : 000000000027024618

#### Manufacturer or supplier's details

Company : Celanese (Shanghai) International Trading Co., Ltd  
Address : 4560 Jinke Road, Zhangjiang, Pudong  
Shanghai, China 201210  
Telephone : 86-21-38619288  
Emergency telephone number : CHEMTREC International phone number: +1-703-527 3887,  
+86 532 8388-9090 (China, 24h)  
E-mail address : HazCom@celanese.com

#### Recommended use of the chemical and restrictions on use

Recommended use : Plastic processing industry

### 2. HAZARDS IDENTIFICATION

#### Emergency Overview

Appearance : pellets  
Odour : slight

Not a hazardous substance or mixture.

#### GHS Classification

Not a hazardous substance or mixture.

#### GHS label elements

Not a hazardous substance or mixture.

#### Physical and chemical hazards

Not classified based on available information.

#### Health hazards

Not classified based on available information.

#### Environmental hazards

Not classified based on available information.

#### Other hazards which do not result in classification

None known.

### 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® TE-23 LOF NAT (K)

### Components

No hazardous ingredients

## 4. FIRST AID MEASURES

|                                                             |   |                                                                                                                                                                               |
|-------------------------------------------------------------|---|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| General advice                                              | : | Do not leave the victim unattended.                                                                                                                                           |
| If inhaled                                                  | : | If unconscious, place in recovery position and seek medical advice.<br>If symptoms persist, call a physician.                                                                 |
| In case of skin contact                                     | : | Cool skin rapidly with cold water after contact with molten material.<br>Do not peel solidified product off the skin.<br>Burns must be treated by a physician.                |
| In case of eye contact                                      | : | Remove contact lenses.<br>Protect unharmed eye.<br>If eye irritation persists, consult a specialist.                                                                          |
| If swallowed                                                | : | Keep respiratory tract clear.<br>Do not give milk or alcoholic beverages.<br>Never give anything by mouth to an unconscious person.<br>If symptoms persist, call a physician. |
| Most important symptoms and effects, both acute and delayed | : | None known.                                                                                                                                                                   |
| Notes to physician                                          | : | Treat symptomatically.                                                                                                                                                        |

## 5. FIREFIGHTING MEASURES

|                                               |   |                                                                                                                                                   |
|-----------------------------------------------|---|---------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : | Water<br>Foam<br>Dry chemical<br>Carbon dioxide (CO <sub>2</sub> )                                                                                |
| Specific hazards during fire-fighting         | : | Do not use a solid water stream as it may scatter and spread fire.                                                                                |
| Hazardous combustion products                 | : | Formaldehyde<br><br>Carbon oxides<br>Nitrogen oxides (NO <sub>x</sub> )                                                                           |
| Specific extinguishing methods                | : | Standard procedure for chemical fires.<br>Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. |
| Special protective equipment for firefighters | : | Wear self-contained breathing apparatus for firefighting if necessary.                                                                            |

## 6. ACCIDENTAL RELEASE MEASURES

|                                                                   |   |                                                |
|-------------------------------------------------------------------|---|------------------------------------------------|
| Personal precautions, protective equipment and emergency measures | : | Avoid dust formation.<br>Avoid breathing dust. |
|-------------------------------------------------------------------|---|------------------------------------------------|

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

## CELCON® TE-23 LOF NAT (K)

Version 1.1      Revision Date: 2025/06/20      SDS Number: 000000052689      Date of last issue: 2023/12/20  
Date of first issue: 2023/12/20

gency procedures      Ensure adequate ventilation.

Environmental precautions      :      No special environmental precautions required.

Methods and materials for containment and cleaning up      :      Pick up and arrange disposal without creating dust.  
Sweep up and shovel.  
Keep in suitable, closed containers for disposal.

### 7. HANDLING AND STORAGE

#### Handling

Advice on protection against fire and explosion      :      Provide appropriate exhaust ventilation at places where dust is formed.

During processing, dust may form explosive mixture in air.

Advice on safe handling      :      For personal protection see section 8.  
Smoking, eating and drinking should be prohibited in the application area.  
Minimize dust generation and accumulation.

Avoidance of contact      :      Not applicable

#### Storage

Conditions for safe storage      :      Electrical installations / working materials must comply with the technological safety standards.  
Keep in a dry, cool place.  
Maintain dryness of resin

Materials to avoid      :      No materials to be especially mentioned.

Further information on storage stability      :      No decomposition if stored and applied as directed.

### 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Components with workplace control parameters

| Components                                                    | CAS-No. | Value type (Form of exposure) | Control parameters / Permissible concentration | Basis  |
|---------------------------------------------------------------|---------|-------------------------------|------------------------------------------------|--------|
| formaldehyde                                                  | 50-00-0 | MAC                           | 0.5 mg/m <sup>3</sup>                          | CN OEL |
| Further information: G1 - Carcinogenic to humans, Sensitizing |         |                               |                                                |        |
|                                                               |         | TWA                           | 0.1 ppm                                        | ACGIH  |
|                                                               |         | STEL                          | 0.3 ppm                                        | ACGIH  |

Engineering measures      :      Local exhaust  
Provide appropriate exhaust ventilation at places where dust is formed.

#### Personal protective equipment

Respiratory protection      :      No personal respiratory protective equipment normally required.

Eye/face protection      :      Safety glasses

|                                    |   |                                                                                                                                  |
|------------------------------------|---|----------------------------------------------------------------------------------------------------------------------------------|
| Reactivity                         | : | No decomposition if stored and applied as directed.                                                                              |
| Chemical stability                 | : | No decomposition if stored and applied as directed.                                                                              |
| Possibility of hazardous reactions | : | Stable under recommended storage conditions.<br>No hazards to be specially mentioned.<br>Dust may form explosive mixture in air. |
| Conditions to avoid                | : | No data available                                                                                                                |
| Incompatible materials             | : | Not applicable                                                                                                                   |
| Hazardous decomposition products   | : | Carbon monoxide                                                                                                                  |

### 11. TOXICOLOGICAL INFORMATION

#### Acute toxicity

Not classified based on available information.

#### Skin corrosion/irritation

Not classified based on available information.

#### Serious eye damage/eye irritation

Not classified based on available information.

#### Respiratory or skin sensitisation

##### Skin sensitisation

Not classified based on available information.

##### Respiratory sensitisation

Not classified based on available information.

##### Germ cell mutagenicity

Not classified based on available information.

##### Carcinogenicity

Not classified based on available information.

##### Reproductive toxicity

Not classified based on available information.

##### STOT - single exposure

Not classified based on available information.

##### STOT - repeated exposure

Not classified based on available information.

##### Aspiration toxicity

Not classified based on available information.

##### Further information

##### Product:

**CELCON® TE-23 LOF NAT (K)**

|         |                |              |                                 |

| Version | Revision Date: | SDS Number:  | Date of last issue: 2023/12/20  |
| 1.1     | 2025/06/20     | 000000052689 | Date of first issue: 2023/12/20 |

Remarks : No data available

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity**

No data available

**Persistence and degradability**

No data available

**Bioaccumulative potential**

No data available

**Mobility in soil**

No data available

**Other adverse effects**

**Product:**

Additional ecological information : Note: Laboratory tests/assessments have shown that one or more components in this product is/are not bioavailable in sufficient concentrations to produce adverse effects, and therefore, do not need to be considered in the final hazard labeling of the product.

**13. DISPOSAL CONSIDERATIONS**

**Disposal methods**

Waste from residues : Where possible recycling is preferred to disposal or incineration.  
Dispose of in accordance with local regulations.

Contaminated packaging : Empty containers should be taken to an approved waste handling site for recycling or disposal.

**14. TRANSPORT INFORMATION**

**International Regulations**

**UNRTDG**

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable  
Environmentally hazardous : no

**IATA-DGR**

UN/ID No. : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable

# SAFETY DATA SHEET

according to GB/T 16483 and GB/T 17519

Packing group : Not applicable  
Labels : Not applicable  
Packing instruction (cargo aircraft) : Not applicable  
Packing instruction (passenger aircraft) : Not applicable

### IMDG-Code

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable  
EmS Code : Not applicable  
Marine pollutant : no

### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

### National Regulations

#### GB 6944/12268

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable  
Marine pollutant : no

#### JT/T 617

UN number : Not applicable  
Proper shipping name : Not applicable  
Class : Not applicable  
Subsidiary risk : Not applicable  
Packing group : Not applicable  
Labels : Not applicable  
Environmentally hazardous : no

### Special precautions for user

Not applicable

## 15. REGULATORY INFORMATION

### National regulatory information

#### Regulations on Safety Management of Hazardous Chemicals

Catalogue of Hazardous Chemicals :

Hazardous Chemicals for Priority Management under SAWS : Not applicable

Catalogue of Specially Controlled Hazardous Chemicals : Not listed
