

*we clean up nicely*

SO THAT YOU CAN TOO

With **EcoSolv® Dry Cleaning Fluid**, you'll get more than clean clothes – you'll get a cleaner conscience.

- Cleans delicate fabrics
- Leaves clothes looking and feeling new
- Gentle to accessories, special trim and buttons
- Virtually odor-free
- Less persistent in the environment than traditional solvents like perchloroethylene (PERC)
- Easily recycled, filtered and distilled within the cleaning process to remove impurities
- 100% hydrocarbon-based fluid processed to very high purity

## ECOSOLV® DRY CLEANING FLUID

**Chevron Phillips Chemical Company LP** is a global leader in the manufacture of specialty chemicals marketed and distributed in more than 40 locations worldwide. Our products are utilized as raw materials, intermediates and end use applications such as EcoSolv® Dry Cleaning Fluids, Scentinel® Natural Gas Odorants, E-III® Fire Training Fluids and ForsField™ Protective Coatings.

Chevron Phillips Chemical offers more than quality products. Our dedicated sales, customer service and technical support staff are stationed around the globe to provide you with prompt and knowledgeable assistance to meet your needs. Additionally, our research and development team is aggressively developing new products, searching for new applications and derivatives of existing products, and evaluating opportunities to form strategic partnerships in both new and existing technologies.

Chevron Phillips Chemical is equally owned by Chevron Corporation and Phillips 66, and is headquartered in The Woodlands, Texas.
