

**RILSAMID® AMNO MED****1. PRODUCT AND COMPANY IDENTIFICATION****Company**

**Arkema Inc.**  
**900 First Avenue**  
**King of Prussia, Pennsylvania 19406**

**Specialty Polyamides**

**Customer Service Telephone Number:** (800) 932-0420  
(Monday through Friday, 8:00 AM to 5:00 PM EST)

**Emergency Information**

**Transportation:** CHEMTREC: (800) 424-9300

(24 hrs., 7 days a week)

**Medical:** Rocky Mountain Poison Center: (866) 767-5089  
(24 hrs., 7 days a week)

**Product Information**

**Product name:** RILSAMID® AMNO MED

**Synonyms:** Not available

**Molecular formula:** Not available

**Chemical family:** polyamide

**Product use:** Mouldings and Extrusion

**2. HAZARDS IDENTIFICATION****Emergency Overview**

**Color:** translucent

**Physical state:** solid

**Form:** pellets

**Odor:** none

**\*Classification of the substance or mixture:**

Not a hazardous substance or mixture.

**GHS-Labelling****Supplemental Hazard Statements:**

Processing may release vapors and/or fumes which cause eye, skin and respiratory tract irritation.

**Supplemental information:****Potential Health Effects:**

The product, in the form supplied, is not anticipated to produce significant adverse human health effects.  
Contains high molecular weight polymer(s). Effects due to processing releases: Irritating to eyes, respiratory system and skin.

Prolonged or repeated exposure may cause: headache, drowsiness, nausea, weakness, (severity of effects

**RILSAMID® AMNO MED**

depends on extent of exposure).

**Other:**

Handle in accordance with good industrial hygiene and safety practice. (pellets/granules) This product may release fume and/or vapor of variable composition depending on processing time and temperature.

**3. COMPOSITION/INFORMATION ON INGREDIENTS**

Chemical Name	CAS-No.	Wt/Wt	GHS Classification**
Azacyclotridecan-2-one, homopolymer	25038-74-8	<= 100 %	Not classified

\*\*For the full text of the H-Statements mentioned in this Section, see Section 16.

**4. FIRST AID MEASURES****Inhalation:**

If inhaled, remove victim to fresh air.

**Skin:**

In case of contact, immediately flush skin with plenty of water. If molten polymer gets on the skin, cool rapidly with cold water. Do not peel solidified product off the skin. Obtain medical treatment for thermal burns. Remove material from clothing. Wash clothing before reuse. Thoroughly clean shoes before reuse.

**Eyes:**

Immediately flush eye(s) with plenty of water. Obtain medical treatment for thermal burns.

**Ingestion:**

If swallowed, DO NOT induce vomiting. Get medical attention. Never give anything by mouth to an unconscious person.

**5. FIREFIGHTING MEASURES****Extinguishing media (suitable):**

Water spray, Carbon dioxide (CO<sub>2</sub>), Foam

**Protective equipment:**

Fire fighters and others who may be exposed to products of combustion should wear full fire fighting turn out gear (full Bunker Gear) and self-contained breathing apparatus (pressure demand / NIOSH approved or equivalent).

**Further firefighting advice:**

Fire fighting equipment should be thoroughly decontaminated after use.

**RILSAMID® AMNO MED****Fire and explosion hazards:**

When burned, the following hazardous products of combustion can occur:

Carbon oxides

Hydrogen cyanide (hydrocyanic acid)

(traces)

Hazardous organic compounds

**6. ACCIDENTAL RELEASE MEASURES****In case of spill or leak:**

Prevent further leakage or spillage if you can do so without risk. Ventilate the area. Sweep up and shovel into suitable properly labeled containers for prompt disposal. Possible fall hazard – floor may become slippery from leakage/spillage of product. Avoid dispersal of spilled material and runoff and contact with soil, waterways, drains and sewers. Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinent environmental permits.

**7. HANDLING AND STORAGE****Handling****General information on handling:**

Avoid breathing dust.

Avoid breathing processing fumes or vapors.

Handle in accordance with good industrial hygiene and safety practices. These practices include avoiding unnecessary exposure and removal of material from eyes, skin, and clothing.

**Storage****General information on storage conditions:**

Keep in a dry, cool place. Store in closed containers, in a secure area to prevent container damage and subsequent spillage. Store away from moisture and heat to maintain the technical properties of the product.

**Storage stability – Remarks:**

Stable under normal conditions.

**Storage incompatibility – General:**

None known.

**Temperature tolerance – Do not store above:**

140 °F (60 °C)

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Airborne Exposure Guidelines:****Particles Not Otherwise Specified / Nuisance Dust (Proprietary)**

US. ACGIH Threshold Limit Values

<b>Form:</b> Time weighted average	Inhalable particles. 10 mg/m <sup>3</sup>
---------------------------------------	--

**RILSAMID® AMNO MED**

**Form:** Respirable particles.  
Time weighted average 3 mg/m<sup>3</sup>

US. OSHA Table Z-1 Limits for Air Contaminants (29 CFR 1910.1000)

**Form:** Respirable fraction.  
PEL: 5 mg/m<sup>3</sup>

**Form:** Total dust  
PEL: 15 mg/m<sup>3</sup>

US. OSHA Table Z-3 (29 CFR 1910.1000)

**Form:** Respirable fraction.  
Time weighted average 15 millions of particles per cubic foot of air

**Form:** Total dust  
Time weighted average 50 millions of particles per cubic foot of air

**Form:** Respirable fraction.  
Time weighted average 5 mg/m<sup>3</sup>

**Form:** Total dust  
Time weighted average 15 mg/m<sup>3</sup>

Only those components with exposure limits are printed in this section. Limits with skin contact designation above have skin contact effect. Air sampling alone is insufficient to accurately quantitate exposure. Measures to prevent significant cutaneous absorption may be required. Limits with a sensitizer designation above mean that exposure to this material may cause allergic reactions.

**Engineering controls:**

Investigate engineering techniques to reduce exposures below airborne exposure limits or to otherwise reduce exposures. Provide ventilation if necessary to minimize exposures or to control exposure levels to below airborne exposure limits (if applicable see above). If practical, use local mechanical exhaust ventilation at sources of air contamination such as open process equipment.

**Respiratory protection:**

Avoid breathing dust. Avoid breathing processing fumes or vapors. Where airborne exposure is likely or airborne exposure limits are exceeded (if applicable, see above), use NIOSH approved respiratory protection equipment appropriate to the material and/or its components and substances released during processing. Consult respirator manufacturer to determine appropriate type equipment for a given application. Observe respirator use limitations specified by NIOSH or the manufacturer. For emergency and other conditions where there may be a potential for significant exposure or where exposure limit may be significantly exceeded, use an

**RILSAMID® AMNO MED**

approved full face positive-pressure, self-contained breathing apparatus or positive-pressure airline with auxiliary self-contained air supply. Respiratory protection programs must comply with 29 CFR § 1910.134.

**Skin protection:**

Processing of this product releases vapors or fumes which may cause skin irritation. Minimize skin contamination by following good industrial hygiene practice. Wearing protective gloves is recommended. Wash hands and contaminated skin thoroughly after contact with processing fumes or vapors. Wash thoroughly after handling.

**Eye protection:**

Use good industrial practice to avoid eye contact. Processing of this product releases vapors or fumes which may cause eye irritation. Where eye contact may be likely, wear chemical goggles and have eye flushing equipment available.

**9. PHYSICAL AND CHEMICAL PROPERTIES**

<b>Color:</b>	translucent
<b>Physical state:</b>	solid
<b>Form:</b>	pellets
<b>Odor:</b>	none
<b>Odor threshold:</b>	No data available
<b>Flash point</b>	Not applicable
<b>Auto-ignition temperature:</b>	788 - 842 °F (420 - 450 °C)
<b>Lower flammable limit (LFL):</b>	No data available
<b>Upper flammable limit (UFL):</b>	No data available
<b>pH:</b>	Not applicable
<b>Density:</b>	1.02 g/cm3
<b>Bulk density:</b>	550 - 650 kg/m3
<b>Vapor pressure:</b>	Not applicable
<b>Vapor density:</b>	Not applicable
<b>Melting point/range:</b>	329 - 356 °F (165 - 180 °C)
<b>Evaporation rate:</b>	No data available
<b>Solubility in water:</b>	68 °F (20 °C) insoluble

**RILSAMID® AMNO MED**

---

<b>Solubility in other solvents: [qualitative and quantitative]</b>	Soluble in:
	Phenols
	Metacresol
	Metacresol
	Benzyl alcohol
	Formic acid (concentrate), Sulphuric acid (concentrate)

<b>Oil/water partition coefficient:</b>	No data available
---	-------------------

<b>Thermal decomposition</b>	> 662 °F (> 350 °C)
------------------------------	---------------------

<b>Flammability:</b>	See GHS Classification in Section 2
----------------------	-------------------------------------

**10. STABILITY AND REACTIVITY****Stability:**

The product is stable under normal handling and storage conditions.

**Hazardous reactions:**

Hazardous polymerization does not occur.

**Materials to avoid:**

None known.

**Conditions / hazards to avoid:**

Avoid storing in moist and warm conditions. (to maintain the technical properties of the product). See Hazardous Decomposition Products below.

**Hazardous decomposition products:**

Thermal decomposition giving toxic, flammable, and / or corrosive products:

Carbon oxides

Ammonia

Hydrogen cyanide (hydrocyanic acid)  
(traces)

Hazardous organic compounds

Amine derivatives

**11. TOXICOLOGICAL INFORMATION**

**RILSAMID® AMNO MED**

Data on this material and/or a similar material are summarized below.

**Data for Azacyclotridecan-2-one, homopolymer (25038-74-8)****Acute toxicity****Skin Irritation:**

Not irritating. (Rabbit) (4 h)

**Genotoxicity****Assessment in Vitro:**

No genetic changes were observed in laboratory tests using: bacteria

**12. ECOLOGICAL INFORMATION****Chemical Fate and Pathway**

No data are available.

**Ecotoxicology**

No data are available.

**13. DISPOSAL CONSIDERATIONS****Waste disposal:**

Where possible recycling is preferred to disposal or incineration. If recycling is not an option, incinerate or dispose of in accordance with federal, state, and local regulations. Pigmented, filled and/or solvent laden product may require special disposal practices in accordance with federal, state and local regulations. Consult a regulatory specialist to determine appropriate state or local reporting requirements, for assistance in waste characterization and/or hazardous waste disposal and other requirements listed in pertinent environmental permits. Note: Chemical additions to, processing of, or otherwise altering this material may make this waste management information incomplete, inaccurate, or otherwise inappropriate. Furthermore, state and local waste disposal requirements may be more restrictive or otherwise different from federal laws and regulations.

**14. TRANSPORT INFORMATION**

**US Department of Transportation (DOT):** not regulated

**International Maritime Dangerous Goods Code (IMDG):** not regulated

**15. REGULATORY INFORMATION****Chemical Inventory Status**

EU. EINECS

EINECS

Conforms to

United States TSCA Inventory

TSCA

The components of this product are all on the TSCA Inventory.

**United States – Federal Regulations****SARA Title III – Section 302 Extremely Hazardous Chemicals:**

The components in this product are either not SARA Section 302 regulated or regulated but present in negligible concentrations.

**SARA Title III - Section 311/312 Hazard Categories:**

No SARA Hazards

**SARA Title III – Section 313 Toxic Chemicals:**

This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA) - Reportable Quantity (RQ):**

The components in this product are either not CERCLA regulated, regulated but present in negligible concentrations, or regulated with no assigned reportable quantity.

**United States – State Regulations****New Jersey Right to Know**

No components are subject to the New Jersey Right to Know Act.

**Pennsylvania Right to Know**

<u>Chemical Name</u>	<u>CAS-No.</u>
Azacyclotridecan-2-one, homopolymer	25038-74-8

**RILSAMID® AMNO MED****California Prop. 65**

This product does not contain any chemicals known to the State of California to cause cancer, birth defects, or any other reproductive defects.
