| E-mail address of person responsible for the SDS | : HazCom@celanese.com                                                                                  |
| Emergency telephone number                       | : DOMESTIC NORTH AMERICA: 800-424-9300<br>INTERNATIONAL, CALL +1 703-527-3887 (collect calls accepted) |

**Recommended use of the chemical and restrictions on use**

Recommended use : For industrial use only.

**SECTION 2. HAZARDS IDENTIFICATION****GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)**

Combustible dust

**GHS label elements**

Signal word : Warning

Hazard statements : May form combustible dust concentrations in air.

**Other hazards**

Risk of dust explosion.

**SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS**

|                     |                     |
|---------------------|---------------------|
| Substance / Mixture | : Mixture           |
| Chemical nature     | : Dispersion powder |

**Components**

| Chemical name | CAS-No.    | Concentration (% w/w) |
|---------------|------------|-----------------------|
| dolomite      | 16389-88-1 | >= 10 - < 20          |

Actual concentration is withheld as a trade secret

**SECTION 4. FIRST AID MEASURES**

General advice : Do not leave the victim unattended.

|            |                                                                                                                         |
|------------|-------------------------------------------------------------------------------------------------------------------------|
| If inhaled | : Remove to fresh air.<br>Keep patient warm and at rest.<br>If unconscious, place in recovery position and seek medical |
|------------|-------------------------------------------------------------------------------------------------------------------------|

|-------------------------------------------------------------|---|--------------------------------------------------------------|
|                                                             |   | advice.                                                      |
|                                                             |   | If symptoms persist, call a physician.                       |
| In case of skin contact                                     | : | Remove contaminated clothing and shoes.                      |
|                                                             |   | Wash off immediately with plenty of water.                   |
| In case of eye contact                                      | : | Rinse with plenty of water.                                  |
|                                                             |   | Remove contact lenses.                                       |
|                                                             |   | Protect unharmed eye.                                        |
|                                                             |   | Keep eye wide open while rinsing.                            |
|                                                             |   | Remove contact lenses.                                       |
|                                                             |   | Protect unharmed eye.                                        |
|                                                             |   | If eye irritation persists, consult a specialist.            |
| If swallowed                                                | : | Clean mouth with water and drink afterwards plenty of water. |
|                                                             |   | Never give anything by mouth to an unconscious person.       |
|                                                             |   | Keep respiratory tract clear.                                |
|                                                             |   | Do not give milk or alcoholic beverages.                     |
|                                                             |   | Never give anything by mouth to an unconscious person.       |
|                                                             |   | If symptoms persist, call a physician.                       |
| Most important symptoms and effects, both acute and delayed | : | None known.                                                  |
| Notes to physician                                          | : | Treat symptomatically.                                       |

**SECTION 5. FIREFIGHTING MEASURES**

|                                               |   |                                                                                                                                                         |
|-----------------------------------------------|---|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| Suitable extinguishing media                  | : | Water mist                                                                                                                                              |
|                                               |   | Foam                                                                                                                                                    |
|                                               |   | Carbon dioxide (CO <sub>2</sub> )                                                                                                                       |
| Unsuitable extinguishing media                | : | High volume water jet                                                                                                                                   |
| Specific hazards during fire-fighting         | : | Risks of ignition followed by flame propagation or secondary explosions shall be prevented by avoiding accumulation of dust, e.g. on floors and ledges. |
| Hazardous combustion products                 | : | No hazardous combustion products are known                                                                                                              |
| Further information                           | : | Standard procedure for chemical fires.                                                                                                                  |
|                                               |   | Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.                                                 |
| Special protective equipment for firefighters | : | In the event of fire, wear self-contained breathing apparatus.                                                                                          |
|                                               |   | Wear self-contained breathing apparatus for firefighting if necessary.                                                                                  |

**SECTION 6. ACCIDENTAL RELEASE MEASURES**

|                                                                     |   |                                                                                       |
|---------------------------------------------------------------------|---|---------------------------------------------------------------------------------------|
| Personal precautions, protective equipment and emergency procedures | : | Avoid dust formation.                                                                 |
| Environmental precautions                                           | : | Try to prevent the material from entering drains or water courses.                    |
|                                                                     |   | If the product contaminates rivers and lakes or drains inform respective authorities. |

## ELOTEX FX2325

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: -           |
| 1.0     | 10/04/2022     | 000000053872 | Date of first issue: 10/04/2022 |

Methods and materials for containment and cleaning up : Shovel or sweep up.  
Keep in suitable, closed containers for disposal.

Pick up and arrange disposal without creating dust.  
Sweep up and shovel.  
Keep in suitable, closed containers for disposal.

**SECTION 7. HANDLING AND STORAGE**

Advice on protection against fire and explosion : No sparking tools should be used.  
Take measures to prevent the build up of electrostatic charge.

Provide appropriate exhaust ventilation at places where dust is formed.

Advice on safe handling : Avoid creating dust.  
Keep away from fire, sparks and heated surfaces.  
For personal protection see section 8.  
Smoking, eating and drinking should be prohibited in the application area.

Conditions for safe storage : Keep in a dry place.  
Store at room temperature in the original container.  
Keep container tightly closed in a dry and well-ventilated place.  
Electrical installations / working materials must comply with the technological safety standards.

Materials to avoid : No materials to be especially mentioned.

Further information on storage stability : No decomposition if stored and applied as directed.  
Keep in a dry place.  
No decomposition if stored and applied as directed.

**SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Components with workplace control parameters**

| Components | CAS-No.    | Value type (Form of exposure) | Control parameters / Permissible concentration | Basis     |
|------------|------------|-------------------------------|------------------------------------------------|-----------|
| dolomite   | 16389-88-1 | TWA (Respirable)              | 5 mg/m <sup>3</sup> (Calcium carbonate)        | NIOSH REL |
|            |            | TWA (total)                   | 10 mg/m <sup>3</sup> (Calcium carbonate)       | NIOSH REL |

**Personal protective equipment**

Respiratory protection : General and local exhaust ventilation is recommended to maintain vapor exposures below recommended limits. Where concentrations are above recommended limits or are unknown, appropriate respiratory protection should be worn. Follow OSHA respirator regulations (29 CFR 1910.134) and use NIOSH/MSHA approved respirators. Protection provided

**SECTION 12. ECOLOGICAL INFORMATION****Ecotoxicity****Components:****dolomite:**Toxicity to fish : LC50 (Fish): > 1,000 mg/l  
Exposure time: 96 hToxicity to daphnia and other : (Daphnia (water flea)): > 5,000 mg/l  
aquatic invertebrates Exposure time: 48 h**Persistence and degradability****Product:**

Biodegradability : Result: Not readily biodegradable.

BOD/COD : Remarks: No data available

**Bioaccumulative potential****Product:**

Bioaccumulation : Remarks: Bioaccumulation is unlikely.

**Mobility in soil**

No data available

**Other adverse effects****Product:**Ozone-Depletion Potential : Regulation: 40 CFR Protection of Environment; Part 82 Protection of Stratospheric Ozone - CAA Section 602 Class I Substances  
Remarks: This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S.

# SAFETY DATA SHEET

## ELOTEX FX2325

Version 1.0      Revision Date: 10/04/2022      SDS Number: 000000053872      Date of last issue: -  
Date of first issue: 10/04/2022

Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

Additional ecological information : No data available

### SECTION 13. DISPOSAL CONSIDERATIONS

#### Disposal methods

Waste from residues : Do not dispose of waste into sewer.  
Do not contaminate ponds, waterways or ditches with chemical or used container.  
Dispose of in accordance with local regulations.

Contaminated packaging : Empty remaining contents.  
Empty containers should be taken to local recyclers for disposal.  
Dispose of as unused product.  
Empty containers should be taken to an approved waste handling site for recycling or disposal.

### SECTION 14. TRANSPORT INFORMATION

#### International Regulations

##### UNRTDG

Not regulated as a dangerous good

##### IATA-DGR

Not regulated as a dangerous good

##### IMDG-Code

Not regulated as a dangerous good

#### Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### National Regulations

##### 49 CFR

Not regulated as a dangerous good

#### Special precautions for user

Not applicable

### SECTION 15. REGULATORY INFORMATION

#### CERCLA Reportable Quantity

| Components | CAS-No. | Component RQ (lbs) | Calculated product RQ (lbs) |
|------------|---------|--------------------|-----------------------------|
| methanol   | 67-56-1 | 100                | 100 (F003)                  |

#### SARA 304 Extremely Hazardous Substances Reportable Quantity

Listed substances in the product are at low enough levels to not be expected to exceed the RQ

## ELOTEX FX2325

|         |                |              |                                 |
|---------|----------------|--------------|---------------------------------|
| Version | Revision Date: | SDS Number:  | Date of last issue: -           |
| 1.0     | 10/04/2022     | 000000053872 | Date of first issue: 10/04/2022 |

**SARA 302 Extremely Hazardous Substances Threshold Planning Quantity**

This material does not contain any components with a section 302 EHS TPQ.

**SARA 311/312 Hazards** : Combustible dust

**SARA 313** : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

**Clean Air Act**

This product neither contains, nor was manufactured with a Class I or Class II ODS as defined by the U.S. Clean Air Act Section 602 (40 CFR 82, Subpt. A, App.A + B).

This product does not contain any hazardous air pollutants (HAP), as defined by the U.S. Clean Air Act Section 112 (40 CFR 61).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 112(r) for Accidental Release Prevention (40 CFR 68.130, Subpart F).

This product does not contain any chemicals listed under the U.S. Clean Air Act Section 111 SOCM Intermediate or Final VOC's (40 CFR 60.489).

**Clean Water Act**

The following Hazardous Substances are listed under the U.S. CleanWater Act, Section 311, Table 116.4A:

|                       |            |                |
|-----------------------|------------|----------------|
| orthophosphoric acid  | 7664-38-2  | >= 0 - < 0.1 % |
| Vinyl acetate         | 108-05-4   | >= 0 - < 0.1 % |
| diiron tris(sulphate) | 10028-22-5 | >= 0 - < 0.1 % |
| formaldehyde          | 50-00-0    | >= 0 - < 0.1 % |

The following Hazardous Chemicals are listed under the U.S. CleanWater Act, Section 311, Table 117.3:

|                       |            |                |
|-----------------------|------------|----------------|
| orthophosphoric acid  | 7664-38-2  | >= 0 - < 0.1 % |
| Vinyl acetate         | 108-05-4   | >= 0 - < 0.1 % |
| diiron tris(sulphate) | 10028-22-5 | >= 0 - < 0.1 % |
| formaldehyde          | 50-00-0    | >= 0 - < 0.1 % |

This product does not contain any toxic pollutants listed under the U.S. Clean Water Act Section 307

This product does not contain any priority pollutants related to the U.S. Clean Water Act

**California Prop. 65**

WARNING: This product can expose you to chemicals including dibromoacetonitrile, formaldehyde, which is/are known to the State of California to cause cancer, and methanol, which is/are known to the State of California to cause birth defects or other reproductive harm. For more information go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov).

**SECTION 16. OTHER INFORMATION****Further information**

**ELOTEX FX2325**
