To whom it may concern

Please be advised that in none of the manufacturing processes of above mentioned brands/grades have been intentionally added the following substances:

- Substances included in **Annex XVII of REACH** ("Restriction List"), updated to the latest version at date of publication.
The list is available for consultation on ECHA website, at the following link:
<https://echa.europa.eu/substances-restricted-under-reach>;

However, please note that substances concentrations, both in finished products and in raw materials, have not been checked internally by specific analysis and we do not ask our suppliers to confirm absence of Annex XVII substances in their products.
Therefore, the presence of above-listed substances as impurities cannot be completely excluded.

Please note that most of the restrictions listed in Annex XVII only apply in case of specific applications and/or under specific exposure scenarios

This declaration does not relieve the converter from carrying out its own investigations and tests, neither does it imply any guarantee for certain properties nor the suitability of the product for the specific purposes included in above-mentioned Regulation or in any other standard/norm.

This information applies to the material as it leaves its production facilities and does not cover any additive, pigment, etc... subsequently included or introduced by the converter.
