

## Ultramid® B3M6 BK60564

### **BASF Corporation - Polyamide 6**

Monday, November 4, 2019

#### **General Information**

#### **Product Description**

Ultramid B3M6 BK60564 is a 30% mineral reinforced, pigmented black injection molding PA6 grade for industrial items requiring high impact strength and very high dimensional stability, excellent laser markability.

#### Applications

Typical applications include industrial items.
